As soon as I have confirmation of the additional two participants, I'll be sure to relay. I've provided conference room details, as well as instructions and guidance for entering the San Francisco Federal Building.

All visitors must present government-issued photo identification, such as a valid state driver license or passport, to gain access to the Federal Building. Entering the building is much like airport security, and will require extra time. Arriving early is highly recommended to allow for security procedures.

Rather than organizing an onsite briefing and tour with a press component, the Leader would like to continue with a private briefing from the Navy and EPA, along with CDPH and representatives from the CAC and HOA. The meeting will be solely with Leader Pelosi. We will keep it scheduled for Tuesday, July 31 <x-apple-data-detectors://10> st <x-apple-data-detectors://10> at 10am <x-apple-data-detectors://10> , with a new location of the San Francisco Federal Building.
